Net Increase—Rs. 103 (Rupees one hundred and three only).

2. He also proposes to abolish the appointment of an Accountant on Rs. 10 in the Issue Branch, and to have the designation of a Clerk on Rs. 15 in the same Branch altered into Counter.

3. Government are pleased to sanction the above proposals as a temporary measure. In filling up the appointments of counters and mutchi now sanctioned it is hoped that the Superintendent will be able to take two or three minor officials from the Stamp Manufactory, the establishment of which has to be reduced.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Stamps in Mysore.
The Comptroller to the Government of Mysore.

READ:—

Memorandum, Camp No. 153, dated the 25th November 1896, from the Sanitary Engineer in Mysore.

Referring to D. O. from Private Secretary to the Dewan, the undersigned investigated the claims of Mr. Subbakrishna Rao to the lands attached to Subbarayenkere in the Chamraj-mohalla, Mysore, and has the honor to submit herewith the following detailed statements, &c., in reference thereto :—

(1) Statement of extent of land under and in Subbarayenkere belonging to Mr. Subbakrishna Rao.

(2) Statement of amounts realized by sale of land in Subbarayenkere belonging to Mr. Subbakrishna Rao.

(3) Statement of the cost of improvements to Subbarayenkere.

(4) Tracing showing the lands in under and Subbarayenkere referred to in the above statements.

The above detailed statements and tracing show :—

5,813 square yards of land sold at Re. 0-5-6 per square yard—Rs. 2,034.

11,265 square yards taken up by roads.

4,177 square yards taken up by chattram.

7,172 square yards reserved for an open square or garden.

22,614 Total square yards in possession of Building Committee.

	Rs.
The cost of levelling the bund and filling up broken grounds is	2,616
Amount paid by order of Court for land taken for forming Chamraj road and costs, &c., about	1,000
Total ...	3,616

Under personal orders of the Dewan, the block of houses and lands known as the Southay Koppal to the left of the northern entrance to the fort at Mysore and adjoining the Saluting Battery were also assessed and valued by the Vice-President and Sanitary Engineer, and a lump sum offer of Rs. (4,000) four thousand for Subbarayenkere and Southay Koppal was made and accepted by Mr. Subbakrishna Rao as per agreement enclosed.

To pay for the Subbarayenkere lands the sum available at the credit of the Building Committee is Rs. 1,087, from which Rs. 200 has to be deducted for payment due, leaving a balance of Rs. 887, and outstandings to be collected Rs. 3,097 (*vide* D. O. from Vice-President, dated 24th November 1896, enclosed).

For the purpose of making allotments of funds, the total amount to be paid is proposed to be divided :—

For Subbarayenkere lands from Building Committee funds, Rs. 2,500.
For Southay Koppal block of houses and land from Public Works, Rs. 1,500.

Since the full amount of Rs. 2,500 is not available from Building Committee, an advance of Rs. 1,700 from the Treasury is recommended.

Early orders are solicited :—

First.—For the above advance from Treasury for Rs. 1,700.

Second.—For the payment from the Treasury of the Rs. 1,500 for Southay Koppal and for transfer to Public Works.

Mr Subbakrishna Rao is urging for immediate payment.

No. 6529-32—Mis. 1227, DATED, BANGALORE, 5TH DECEMBER 1896.

ORDER THEREON.—The acquisition of Southay Koppal for Rs. 1,500 is sanctioned. The purchase should be completed by the Vice-President, Mysore City Municipality, who will take care that the *entire* property, free from mortgages or

charges of any kind, thereby vests absolutely in the Government and that no included bits of any kind are left out. To ensure security of title, mutchalikas should be taken from tenants or other occupiers of the lands or buildings. The Deputy Commissioner is requested to place the amount of Rs. (1,500) one thousand five hundred above named at the disposal of the Vice-President, the charge being debited to "Miscellaneous Public Improvements" in the Mysore City.

2. The settlement of Subbakrishna Rao's claim in full in respect of the Subbarayenkere land for Rs. 2,500 is also sanctioned. The amount should be paid thus:—

Rs. 1,700 from the Treasury.

Rs. 800 from funds at the disposal of the Building Committee.

The Deputy Commissioner will cause the payments to be made, and a full acquittance obtained from Subbakrishna Rao. Steps should be taken to realise, as quickly as possible, the sum of Rs. 3,097 reported to be the outstandings of the Building Committee, the realizations as made being credited to Government from time to time.

Secy. to Govt., Gen. & Rev. Depts.

To—The Sanitary Engineer in Mysore.
The Deputy Commissioner, Mysore District.
The President, Mysore City Municipality.
The Comptroller to the Mysore Government.

No. 10—**D.**, DATED, BANGALORE, 4TH DECEMBER 1896.

ORDER.—The draft of a Famine Code for Mysore, prepared on the lines of the Provisional Famine Code issued by the Government of India in 1883, has been revised in accordance with the suggestions contained in the Resolution of the Government of India No. 35—33, dated the 24th August 1893. Copies of the Code thus revised are forwarded to Deputy Commissioners of Districts and Heads of Departments for information and guidance.

2. The rules prescribed in the Code are based upon the experience of past famines in Mysore and in British India, and are in accordance with the approved policy of the Government of India. They are subject to alteration hereafter, if found necessary, and the Code now issued must be regarded as provisional. An alphabetical Index will be sent hereafter and it should be carefully bound with the copies now circulated.

3. As relief measures will require the services of all Departments of the State, every Officer of Government is expected to make himself thoroughly acquainted with the provisions of the Code herewith forwarded.

4. Extracts in Kanarese will be furnished for circulation among Village and Police Officers.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts*

No. 12—D, DATED, BANGALORE, 9TH DECEMBER 1896.

ORDER.—The Deputy Commissioners of the Kolar, Tumkur and Chitaldrug districts are requested to submit at once information on the following points (with details as to number, locality, &c.), regarding the movements of distressed people across the Mysore frontier during the present season either in search of work or of fodder for cattle:—

(1) How many came from British India and when, and to what parts of Mysore?

(2) Did any of them bring any, and what cattle?

(3) How many have returned and when, and to what parts of British India as far as is known?

(4) Have any Mysore people gone into British India on account of the distress, and, if so, how many and under what circumstances?

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Kolar, Tumkur and Chitaldrug Districts.

READ :—

Letter No. C. 73, dated 23rd November 1896, from the Conservator of Forests in Mysore, submitting, with reference to Government Proceedings No. 6- D, dated the 13th idem, certain suggestions *in re* the disposal of the right of grazing in State Forests.

No. 15—D, DATED, BANGALORE, 11TH DECEMBER 1896.

ORDER THEREON.—Since the orders of 13th ultimo, No. 6—D, were passed, the present and prospective condition of the fodder supply has, owing to the recent rainfall, very greatly improved throughout the province, and there now exist no grounds for any apprehensions of a scarcity of fodder or of distress in any other form. The Conservator of Forests is referred to the Season Report for last week (*vide* the *Gazette* of yesterday's date). Under these circumstances, the programme for the utilization of the pasturage available in State Forests may be deferred for the present throughout the province.

2. On the general question of the best method of utilizing the pasturage of State Forests during seasons of scarcity, referred to in the letter above read, the Conservator's attention is invited to the provisions of the Famine Code, and he is requested to submit definite proposals, not inconsistent with those provisions, after consultation with the Deputy Commissioners.

3. The sale of pasturage by public auction to a single individual is always objectionable in principle, and should be strictly prohibited. It has the effect of creating a most undesirable monopoly ; and the reasons which induced the Government some years ago to abolish the annual Hulbanni sales apply with much greater force to the pasturage in State Forests. Such pasturage should be made available for the neighbouring raiyats, as far as possible, both in ordinary years and in years of drought, and rules for their utilization should be laid down, separately for good and for bad years. The Conservator's recommendations, with a draft of the rules he would propose, are awaited.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests.
The Deputy Commissioners of Districts.
The Officer in charge of the Amrut Mahal Department for information.

No. 6801-35—Mis. 1294, DATED, BANGALORE, 12TH DECEMBER 1896.

ORDER.—A revision of the list of Public Holidays has, for sometime past, been under the consideration of Government, and it has been decided—

(1) that no holiday need be granted in future on the last Saturday, or on the last Saturday but one, in each month ;
(2) that the Christmas Holidays be reduced to ten days, namely, from 24th December to 2nd January, both days inclusive ;
(3) that the Dasara Holidays be limited to 9 or 10 days, as the case may be, from the first day of the Dasara to Vijayadasami ;
(4) that except Good Friday, which may continue to be observed as a general holiday, the Easter Holidays be limited to Christians ;
(5) that Gauri and Anantachaturdasi be removed from the list of General Holidays.

2. The following holidays will accordingly be observed in all public offices in the State in future :—

6. Shimoga.	13. French Rocks.
7. Tarikere.	14. Hassan.

2. During the next few months, and as long as the present condition of the season lasts, a list should be submitted weekly showing the current price of the more important food grains obtaining at each place above named. The list should be sent in duplicate by the Taluk Sheristadar or other local official who may be deputed by the Amildar for this purpose, every Saturday, one to the Deputy Commissioner and the other to the Secretary to Government, General and Revenue Departments. The ruling prices for the day of ragi and jola and the lowest sort of rice, *viz.*, that generally used by the common people, should alone be given. The column of "Remarks" should contain information as to whether the supply was sufficient to meet the requirements of purchasers, the source or sources from which each place was supplied, &c. Printed slips in the accompanying form will be soon supplied, in which the periodical reports now called for should be submitted. The return may be in English or Kanarese.

3. The Return prescribed by this Order is irrespective of the Fortnightly Returns separately submitted and published in the *Gazette*.

No. 19—D., DATED, BANGALORE, 17th DECEMBER 1896.

ORDER THEREON.—As immigration into Mysore from neighbouring Provinces is apparently on the increase, the Deputy Commissioners of all frontier Districts will submit to the Government, until further orders, weekly abstract statements in the above form, of all immigrants into their Districts in search of employment or of fodder for their cattle. The abstracts should be carefully compiled in the Deputy Commissioner's office, for every week ending with Saturday, from the Registers maintained at frontier police stations under the recent orders of the Inspector General of Police. Information about emigration, if any, to neighbouring Provinces should also be similarly submitted.

2. The attention of Deputy Commissioners is drawn to Section 56 of the Mysore Famine Code which directs that no distinction should be made between those who belong to Mysore and those who come from British Territories or from other Native States. Though it has not yet become actually necessary in this State to apply any of the provisions of the Famine Code, yet the Deputy Commissioners should provide employment or other relief for all distressed immigrants.

3. The Inspector General of Police is requested to repeat such instructions as may be necessary to ensure the correctness of the Immigration Registers at all police stations.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
Heads of Departments.

No. 24—D., DATED, BANGALORE, 21ST DECEMBER 1896.

ORDER.—It is not improbable that in the present season there may occur in the frontier taluks some rare cases of immigrants from outside the State in a

condition of emaciation and unfit to be employed upon the ordinary works in the neighbourhood. Such cases require immediate gratuitous relief under Chapter V of the Famine Relief Code.

The Police Station Officers and the Village Officers should be held responsible for affording prompt and adequate gratuitous relief in all such stray cases.

Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Deputy Commissioners of Districts.

No. 22—D., DATED, BANGALORE, 21ST DECEMBER 1896.

ORDER.—The Government learn that an immigrant from some place outside the State, in an advanced condition of starvation, arrived at the Mysore Mine and was found dead there on the morning of the 18th instant. He probably died the previous night.

2. The Deputy Commissioner, Kolar District, is requested to make an immediate enquiry into this case, and to submit a report regarding the circumstances thereof as quickly as possible.

3. The Deputy Commissioner will of course take adequate steps for affording prompt relief to any wandering immigrants throughout the district.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Deputy Commissioners of other Districts.

No. 7349-81—Mis. 1391, DATED, BANGALORE, 23RD DECEMBER 1896.

ORDER.—The attention of Deputy Commissioners and Heads of Departments is drawn to Official Memorandum No. 23327-60—G. 5383, dated 28th June 1894, and they are requested to enforce a strict observance of the rule prescribed therein that "the inner page of the docket form (Serial No. 30) should invariably be the "first page of a communication," and that "for the second and other pages, half "foolscap sheets should be added as may be necessary."

2. At present the communications received from some offices, even though short enough to be written and completed on the inner side of the printed docket form, are transcribed on separate sheets of foolscap, the docket forms being merely added to them for writing the abstract. This practice is undesirable, and will, it is hoped, be discontinued.

Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
All Heads of Departments.

READ—

Letter No. 254, dated the 3rd September 1896, from the Deputy Commissioner of the Bangalore district, soliciting sanction to the entertainment of an extra hand on Rs. 15 per mensem in the District Treasury for the extra work connected with the issue, &c., of the special water-mark paper recently introduced into the Judicial Courts of the province.

No. 7169-77—MIS. F. 8-95, DATED, BANGALORE, 19TH DECEMBER 1896.

ORDER THEREON.—The Government have recently sanctioned an additional establishment for the Stamp Department, from which the supply of the paper in question will be made to the district treasuries in convenient packets, each containing a definite number of reams. The issue from the district treasuries should be restricted to the minimum unit of a ream, and all accounts and returns prepared on the basis of that unit. With such an arrangement, Government consider it would be unnecessary to increase the establishments of district treasuries on account of the special water-mark paper in question.

Proceedings of the Government of Mysore,

READ :—

Letter No. 3784—230, dated 10th November 1896, from the Inspector General of Education in Mysore, submitting for sanction, with reference to Government Proceedings No. 4506.—E. F. 4-96, dated 30th September 1896, a supplemental budget for Rs. 2,395 for purchase of certain machines for the use of the Industrial School at Mysore.

No. 6516-17—Ed. F. 4-96, DATED, BANGALORE, 5TH DECEMBER 1896.

ORDER THEREON.—The purchase of certain machines was sanctioned in Government Proceedings No. 12365-400—E. F. 4-96, dated 11th May 1896, and a provision of Rs. 1,346 was made for the purpose in the current year's budget. It is now reported that the amount required for purchase of the machines is Rs. 3,741 and that the excess cost of Rs. 2,395 over the budget allotment cannot be met by re-appropriation as there are no savings expected under other heads.

2. Under these circumstances the Government are pleased to sanction the supplemental budget of the Mysore Industrial School for 1896-97 as shown below :—

Proceedings of the Government of Mysore

READ.—

Correspondence ending with letter No. 330, dated 25th November 1896, from the Inspector General of Registration in Mysore, regarding the appointment of Special Sub-Registrars for certain taluks where there are no salaried Sub-Registrars.

No. 7300-9—J. F. 28-92, DATED, BANGALORE, 22ND DECEMBER 1896.

ORDER THEREON.—As recommended by the Inspector General of Registration, the Government are pleased to sanction the appointment of Special Sub-Registrars for the twenty-three places named below with the following observations:—

1	Hoskote.	13	Koppa.
2	Dodballapur.	14	Mudgere.
3	Mandya.	15	Hassan.
4	Kolar.	16	Arsikere.

9	Gubbi	21	Tirthahalli.
0	Davangere.	22	Shimoga.
11	Tarikere.	23	Sagar.
12	Kadur.		

(*a*) Hoskote, Mandya and Kolar, which show an average of above 600 registrations each during the past two years, will have permanent offices.

(*b*) The other twenty offices will be tentative for a year as the average number of documents registered therein during the past two years falls short of the minimum prescribed by the standing orders of Government, though the income is more than sufficient to meet the cost.

(*c*) The new offices need not all be opened at once but only as eligible persons become available.

2. The new men should be carefully selected with reference to their educational and other qualifications. In the absence of special sanction, no person shall be nominated who has not at least passed the First Examination in Arts. Preference shall generally be given to a B. A., or to an F. A., who has either passed the Local Service Examinations or has qualified himself for admission to a First Grade Pleadership in Mysore.

3. All the new Sub-Registrars will be placed in the 3rd Class.

Letter No. 772, dated 1st November 1896, from the Deputy Commissioner of the Mysore district, stating that according to the statement of the Representative Member Mr. Krishnappa, who discussed Subject No. 460 in the Dasara Assembly of 1895, drinking water wells are needed at Somanahalli, Ayapanahalli and Bommenahalli of the Krishnarajpete taluk, that the District Fund Board of the French Rocks circle resolved in their meeting held on 2nd October 1896 to sink wells in the first two villages out of Local Funds General and that the inamdar should sink a well in the third village at his own cost.

No. 7434—L. F. 115-96, DATED, BANGALORE, 24TH DECEMBER 1896.

ORDER THEREON.—Recorded with the observation that a grant of Rs. 5,349 has been sanctioned from Local Funds General in Proceedings No. D. 4, dated 13th November 1896, for expenditure on drinking water wells in the French Rocks sub-division during 1896-97, and that the attention of the Local Funds circle should be drawn to the following summary of representation made at the last Representative Assembly and to the reply of Government with reference thereto.

Summary.

"Inam villages may be given the benefit of Local Funds in the same way as Sarkar villages."

Reply.

"Inam villages are not excluded. The requirements of all villages in the taluk are taken into consideration, but it is impossible to do something for every village."

Docket No. 1645—415, dated 26th October 1896, from the Deputy Commissioner, Kolar district, submitting a supplemental budget of the District Funds of the Kolar circle for the year 1896-97.

No. 6761-5—L. F. 89-95, DATED, BANGALORE, 12TH DECEMBER 1896.

ORDER THEREON.—The opening balance is entered in the present budget at Rs. 1,18,151 against Rs. 54,916 entered in the original budget. But according to the annual accounts submitted by the Comptroller for 1895-96, the actual balance on the 1st July 1896 is Rs. 1,19,300 which will accordingly be adopted as the opening balance. Such a large difference between the estimated and actual closing balances requires some explanation. The non-completion of sanctioned works accounts for only a portion of it.

2. The supplemental grants proposed under expenditure are as given below :-

		Rs.
(1)	*A. Public Works to be executed by Public Works Department*—	
	I. Original Works	7,500
	II. *Repairs.*—Special repairs of roads ...	1,521
	Total A. ...	9,021
(2)	*B. Public Works to be executed by Revenue Officers*—	
	(*a*) Cost of incomplete works sanctioned in Government Proceedings No. , dated .	19,710
	(*b*) For constructing musafirkhanas	18,257
	(*c*) For sinking wells	522
	Total B. ...	38,489
(3)	C. Civil Charges	614
	Total supplemental grants ...	48,124

3. Item one which is stated to be required for the marginally noted works to be executed by Public Works Department is passed. As however no provision is made in the budget to meet the proportionate cost of establishment on the supplemental grants now sanctioned, a sum of Rs. 1,580 will be entered under the head "Establishments."

Original Works.	Rs.
(1) Opening Goribidnur-Byranahalli road ...	5,000
(2) Opening Chintamani-Chelur road ...	1,500
(3) Obtaining stone rollers	1,000
II. Repairs.	
Special repairs of roads	1,521
Total ...	9,021

Item two relates to the purposes noted below and is sanctioned :—

		Rs.
(1)	Incomplete works for which supplemental budget was called for in Proceedings No. 4967-70—L. F. 60-95, dated 26th October 1895	19,710
(2)	Fourteen musafirkhanas	18,257
(3)	Two wells	522
	Total ...	38,489

Civil Charges.—Under this head, a provision of Rs. 128 is made to meet the cost of increases to compounders of Local Fund dispensaries. In Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896, an increase of Rs. 16 per mensem or Rs. 192 per annum was sanctioned on account of salaries of these servants as shown in the margin. The pay of some of the servants is chargeable to Municipal and District Funds in the usual proportion of $\frac{1}{3}$rd and $\frac{2}{3}$rds respectively, and that of others entirely to District Funds. The Deputy Commissioner is requested to submit a statement showing the names of the dispensaries concerned, the increase allowed to the compounders of the same and the proportions in which the additional cost is debitable to these Funds. Pending the submission of such statement, the provision will stand.

	Increase.	Total increase. Rs.

3 ditto ...	7 to 10 =	9
1 Female Dispensary ...	7 to 8 =	1
Total ...		16 per mensem
Total annual cost ...		192

VI. Conservancy and Sanitary Charges.- Under this head, an additional provision of Rs. 486 has been made to meet the moiety of extra charge on account of the increased sanitary establishment at Ooregum sanctioned in Government Proceedings No. 11262-5—L. F. 114-92, dated 1st April 1896.

The District Fund budget estimates of the Kolar Local Fund circle for 1896-97 as now revised will stand as given below :—

Letter No: 59, dated 3rd November 1896, from the Deputy Commissioner of the Kadur district, submitting the budget estimates of the Mudgere municipality ordered to be reconstituted in Government Proceedings No. 3657-S—L. F. 67-96, dated 16th October 1896.

No. 6332-5—L. F. 135-95, DATED, BANGALORE, 2ND DECEMBER 1896.

ORDER THEREON RECEIPTS.—The estimated receipts and expenditure of the Mudgere municipality for the year 1896-97 as given in the statements received with the above are noted below:—

Receipts.	Amount of income.	Expenditure.	Amount of expenditure.
II. Tax on houses	227	IV. Conservancy—(*a*) Establishment.	350
VII. Mohatarfa	608	(*b*) Other charges, purchase of tools.	50
X. Miscellaneous	385	VIII. Public Works	300
		XI. Miscellaneous	100
Total ...	1,220	Total ...	800

2. The estimated income is based upon the actuals of 1895-96 under the several heads together with an increase of Rs. 20 from sale of manure, and of Rs. 80 expected under "House tax" by bringing under taxation Government houses for officials and other buildings not liable to be taxed before the formation of a municipality.

EXPENDITURE.

3. *IV. Conservancy.*—Under this head provision is made for the salaries of five sweepers at Rs. 7 each per mensem and three female sweepers at Rs. 5 each for only seven months in the year. This is passed.

4. *VIII. Public Works.*—The provision made for public works, as noted in the margin, is approved.

(1) Repairing town roads	Rs. 200
(2) Ditto drains	„ 50
(3) Reserve for emergent works.	„ 50
	300

5. The Comptroller has already been requested to adjust the sum of Rs. 164-0-9 referred to in the above letter by a debit to Provincial funds and credit to Municipal funds. This amount will be treated as the opening balance of the municipality.

6. The estimated receipts and expenditure of the newly constituted municipality, to which the entire revenue from house and mohatarfa taxes will be credited from the year 1896-97, will stand as shown below:—

	Rs.
(1) Opening balance	164
(2) Estimated revenue for 1896-97	1,220
Total including balance ...	1,384
(3) Estimated expenditure for 1896-97	800
(4) Estimated closing balance	584

7. Separate orders have been issued in regard to the members proposed for the municipality of Mudgere.

Letter No. 450, dated 2nd November 1896, from the Deputy Commissioner of Bangalore, submitting the explanations called for in Government Proceedings No. 251-6—L. F. 128-95 in regard to the budget estimates of the several minor municipalities of the district for 1896-97.

No. 6634-7—L. F. 128-95, DATED, BANGALORE, 9TH DECEMBER 1896.

RECEIPTS.

ORDER THEREON.—*VIII. Rents.*—The Deputy Commissioner was requested to state the source from which an increase of Rs. 80 was anticipated in the budget of the town of Dodballapur under the head "VIII. Rents, Markets" and his explanation contained in para 2 of the above letter points out the budget head and not the building or buildings from which rent is collected. This should now be stated.

2. *X. Miscellaneous, (m) Contribution.*—The Deputy Commissioner now states that the amount payable by the Public Works Department for the maintenance of provincial roads lying within the municipal limits of Nelamangala was Rs. 162 and not Rs. 144 as stated in the proceedings quoted above, and that recently the Public Works Department fixed the contribution at Rs. 100 on 4 furlongs of the provincial roads. It is observed that under Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893, the length of provincial roads as stated by the Chief Engineer was 5 furlongs and 163 yards and the contribution payable thereon Rs. 144. The Chief Engineer is requested to state the circumstances under which a reduction has been made in the length of provincial roads in the town of Nelamangala and in the contribution payable thereon to the municipality. Pending the issue of final orders on receipt of the Chief Engineer's reply, the estimate will stand.

EXPENDITURE.

3. *IV. Conservancy.*—It is explained that the employment of a mutsaddi at Devanhalli is indispensable for the maintenance of the several registers and preparation and submission of the numerous returns, bills, &c., prescribed by Government. The proposed entertainment of a mutsaddi for the Devanhalli municipality will accordingly be sanctioned and the provision made therefor passed.

4. For reasons now explained by the Deputy Commissioner in paras 5 and 9 of his letter the increases proposed for sweepers of the marginally noted municipalities and the employment of two additional sweepers at Dodballapur will be sanctioned and the provision, tentatively retained in the budgets, will be approved.

Names of municipalities.	Increase proposed.			Total increase per annum.

4. Anekal ...	4	Do	3 to 4 ...	48
5. Sarjapur ...	2	Do	3 to 4 ...	24
6. Dommasandra ...	2	Do	3 to 4 ...	24

5. The Deputy Commissioner now proposes that instead of raising the salary of the peon at Dodballapur from Rs. 5 to 6, for which provision has been tentatively retained, a mutsaddi may be employed on a salary of Rs. 8 per mensem. This should form the subject of a separate communication which the Deputy Commissioner is requested to submit.

6. Sulibele being nearly 12 miles from Hoskote, the Deputy Commissioner states that a separate mutsaddi for that place is absolutely necessary. The provision made for his pay is accordingly approved.

7. *IV. Conservancy, (b) Other charges.*—In regard to the provision of Rs. 240 made in the budget of Dodballapur for the hire of two conservancy carts, the Deputy Commissioner states that arrangements have been lately made to remove the manure, &c., by contract, and proposes that the "excess expenditure" may be struck out. The provision of Rs. 240 will accordingly be struck out.

8. *IX. Charitable Grants.*—The provisions made under this head for the salaries of mid-wives will be modified as directed in Proceedings No. 5813-4—L. F. 55-93, dated 21st November 1896.

It should be explained whether any, and, if so, what fixed salary or commission is allowed to the pound-keeper in the town.

2. The attention of the Deputy Commissioner is invited to para 14 of Proceedings No. 3362-73 - Mun. 161, dated 27th September 1879, and he is requested to see that these duties are levied only on articles of local consumption and are on no account extended to any article belonging to the transit or general trade of the country.

3. The Deputy Commissioner is requested to report the date from which the tax will be introduced and to submit a supplemental budget of the municipality for 1896-97, showing on the side of receipts the amount of revenue that is likely to be realized from each article during the remaining portion of the year 1896-97, and on the side of expenditure the cost of establishments that may be needed for the collection of the duty during the period.

Letter No. 61, dated 13th November 1896, from the Deputy Commissioner of the Kadur district, submitting a statement showing the re-distribution of the amounts as entered in the revised Municipal budget of Chikmagalur for 1896-97.

Letter from the same officer No. 54, dated 8th October 1896, submitting revised budget estimates of the Chikmagalur municipality for 1896-97.

No. 7280-2—L. F. 135-95, DATED, BANGALORE, 22ND DECEMBER 1896.

ORDER THEREON.—The estimates as now proposed to be revised are shown hereunder :—

	Receipts.	Originally sanctioned.	Now proposed.
		Rs.	Rs.
XII.	Grant-in-aid	...	657
	Total income	22,987	23,644
	Opening balance	23,109	34,853
	Total including balance ...	46,396	58,497

Expenditure.

	Originally sanctioned.	Now proposed.
	Rs.	Rs.
II. Head Office	742	775
VIII. Public Works	13,478	27,592
XI. Miscellaneous	2,482	2,532
Total ...	30,716	44,913
Closing Balance ...	15,680	13,584
Grand Total ...	46,396	58,497

Receipts.

The sum of Rs. 657 entered under "Grant-in-aid" is the contribution expected from Local or Provincial Funds towards the cost of constructing a musafirkhana in the town. As the Government have, in their Proceedings No. 6378—L. F. 135-95, dated 3rd December 1896, declined to sanction this grant, the estimate will be struck off the budget.

3. *Opening Balance.*—The increase under this head is accepted as the actual balance in favour of the municipality on 1st July 1896 is now entered instead of the probable or estimated balance given in the original budget.

Expenditure.

4. *II Head Office.*—An additional provision of Rs. 33 is entered under this head to meet the increased cost of establishments sanctioned for the Dewan's Office in accordance with Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896. The item is passed.

5. *VIII Public Works.*—To provide for the incomplete works of the past year, which are stated to be in rapid progress, increases are provided under the marginally noted sub-heads. There is a difference of Rs. 977 between the sums included in Statement No. I and those given in the detailed Statement No. II as specified below:—

	As existing.	As now revised.
	Rs.	Rs.
(*b*) Roads, original	1,230	6,187
(*c*) Roads, repairs	1,770	2,504
(*d*) Drains, original	1,145	1,145
(*e*) Drains, repairs	468	468
(*g*) Water-supply	680	858
(*h*) Buildings, original	4,355	8,929
(*i*) Buildings, repairs	230	500
(*k*) Other works, original ...	500	500
(*l*) Other works, repairs ...	800	800
(*m*) Compensation	2,000	5,451
(*o*) Reserve	...	150
Increase		14,114

	As in Statement No. I.	As in No. II.
	Rs.	Rs.
(*d*) Drains, original	1,145	915
(*e*) Drains, repairs	468	444
(*i*) Buildings, repairs	300	154
(*k*) Other works, original ...	500	270
(*l*) Other works, repairs	800	453
	3,213	2,236
Difference		977

This difference is due to the omission from Statement No. II of sums required during the current year on account of works involving an expenditure of Rs. 500 and upwards, which require the sanction of Government, as would appear from the statement submitted with the Deputy Commissioner's letter No. 63, dated 11th November 1896. The figures given in Statement No. I will

be adopted in the present budget, those given in Statement No. II being altered accordingly. The attention of the Deputy Commissioner is drawn to the instructions given in Official Memo No. 6861-70—157, dated 8th December 1889, with a request that in future the figures entered in detailed Statement No. II may be made to correspond with lump sums entered in Statement No. I.

6. *XI Miscellaneous, (b) Refund of excess collections.*—A sum of Rs. 50 is newly entered under this head to provide for the refund of Rs. 50, being the rent recovered in advance on shops in the Hindu musafirkhana which fell down on account of heavy rains.

7. The estimated receipts and expenditure of the Chikmagalur municipality for 1896-97 as now revised will stand as shown below :—

	Rs.
Estimated receipts for 1896-97	22,987
Opening balance	34,853
Total including balance ...	57,840
Expenditure ..	44,913
Closing balance ...	12,927

Correspondence ending with letter No. 247, dated 1st September 1896, from the Deputy Commissioner, Tumkur district, explaining the reasons why the jodidars of Waddin Timmalapur village, Huliyar sub-taluk, object to the introduction of detailed survey and settlement into their village, which was at first consented to by them and sanctioned in Government Proceedings No. 2207-8—R. F. 131-93, dated 4th August 1894.

2. Correspondence on the subject ending with docket No. 281, dated 5th November 1896, from the Superintendent of Revenue Survey.

No. 5085-87—R. F. 131-93, DATED, BANGALORE, 3RD DECEMBER 1896.

ORDER THEREON.—In 1887-88, the tank of the jodi village was restored at a cost of Rs. 14,384-14-6. In order to determine the proportionate amount payable by the Government and the jodidars towards the said cost, a valuation survey of the village was effected at a cost of Rs. 1,339-0-5. The jodidars' share of the cost of restoration of the tank having been fixed at Rs. 9,076 and the Government share at Rs. 5,309, it was directed in Government Proceedings No. 18953-5—R. F. 229-92, dated 14th April 1894, that, if the jodidars were unable to pay their share all at once, either a permanent annual jodi of Rs. 363 or a water rate of annas 12 per acre on the lands (526 acres and 35 guntas) under the tank should be recovered from them. It was also directed, in consideration of the circumstances of the inamdars and of the great age of the inam itself, that the proportionate cost of the valuation survey should be remitted in case the jodidars were prepared to introduce the survey settlement into the village. Subsequently the jodidars prayed to be permitted to pay the additional jodi of Rs. 363 per annum in lieu of the proportionate cost of the restoration of the tank and expressed their willingness to have the survey settlement introduced into the village, and Government approved of these proposals in Proceedings No. 2207-8—R. F. 131-93, dated 4th August 1894. As they have, however, since persistently refused to bring their village under the operations of the Survey and Settlement Department, the concession granted to them by para 4 (1) of Government Proceedings No. 18953-5—R. F. 229-92, dated 14th April 1894, is hereby withdrawn.

2. The proportionate cost of the valuation survey which the inamdars are liable to pay should be recovered from them at once unless they prefer to have it added on to the debt due on account of the restoration of the tank, in which latter case the additional jodi should be increased in the proportion already fixed and should be paid by the jodidars as laid down in the Proceedings of Government No. 2207-8—R. F. 131-93, dated 4th August 1894. The Deputy Commissioner will report the result of his action for the information of Government.

Simla, the 12th August 1896.

SIR,

I have the honor to acknowledge the receipt of your letter No....., dated the....., furnishing the information on certain points connected with the explanatory memorandum on the tables of Agricultural Statistics which was asked for in the letters from the Government of India in the Department of Revenue and Agriculture, Nos. 283—93, dated the 31st January 1895.

2. It appears that there is great diversity of practice in the compilation of the returns in regard to the questions on which the reference was made by the Government of India. These questions were :

(1) whether in table A-4 the return of stock includes live stock in towns, cities, and cantonments;

(2) whether any, and, if any, what, age has been fixed below which cattle are classed as young stock (item 5 of table A-4) ;

(3) whether table E (Register of transfers of landed property) includes all descriptions of transfers, including transfers by inheritance, and, if not, what descriptions are included ; also whether non-permanent transfers such as leases and usufructuary mortgages are included ;

(4) whether in the entry " By order of Court " in table E the order of a Revenue Court, *e.g.*, an order passed in consequence of arrears of revenue, is included.

3. It is desirable that there should, as far as possible, be uniformity in the collection and compilation of these returns, and I have accordingly, under instructions from the Government of India in the Department of Revenue and Agriculture, the honor to make the following suggestions for the compilation of the returns in respect of the matters specified.

4. Live stock in cities and cantonments should be included in the returns wherever it is possible to secure their enumeration.

5. No general rule can with advantage be prescribed for determining the age below which cattle should be classed as young stock. In Bombay oxen and buffaloes not old enough for work or to produce young are treated as "young stock," and this practice is probably better, as securing greater accuracy, than the specification of age.

6. It is important to secure precision and uniformity in the figures in table E, and special attention is invited to the subjoined rules :

(1) changes of entry due to succession, partitions, or simple mortgages, are not really transfers, and should be excluded from the table, as also should redemptions of mortgage ;

(2) all temporary transfers such as leases should also be excluded, but mortgage with possession should be treated as a transfer and entered in the table ;

(3) all transfers made by order of a Court should also be included in the table.

7. It may not be possible to adopt in its entirety the practice suggested in the preceding paragraph in provinces where the mutation figures may not be abstracted in the necessary detail ; but, in view to the importance of uniformity, in such cases as close an approximation as possible to the practice should be made, and a note should be added to the table showing exactly in what respects there has been a divergence from the practice.

8. The word " Court " in the entry " By order of Court " in table E should be held to include a Revenue Court.

I have the honor to be,
SIR,
Your most obedient servant,

J. E. O'CONOR,

Director-General of Statistics.

No. 5430-37—R. 1834, DATED, BANGALORE, 14TH DECEMBER 1896.

ORDER THEREON.—The attention of the Deputy Commissioners of districts is drawn to the instructions laid down in the letter read above in regard to the preparation of Tables D and E of Agricultural Statistics and they are requested to submit future returns prepared in conformity therewith.

2. Particular attention should be paid to the instructions issued in Government Proceedings No. 2410-18—R. 881, dated 1st September 1896, in respect of the preparation of Tables A I and A II so as to make them tally with the atchkat return which should correspond with the statement of area appended to Government Proceedings No. 6901-9—R. 2691, dated 28th January 1896, as amended by Proceedings No. 5142-50—R. 1743, dated 4th December 1896.

Letter No. 2619, dated the 22nd October 1896, from the Comptroller, Mysore Government.

With reference to Government Proceedings No. 13292-300—R. F. 213-92, dated 4th February 1893, I have the honor to submit a statement showing the number of times the taluk treasuries in the province were inspected during the year 1895-96.

It will be seen that the Kolar and Kadur districts were the only ones in which all the taluk treasuries were inspected twice during the year as required by Government Proceedings, while the Channapatna and Hassan taluk treasuries were omitted to be inspected at all during the year.

No. 5192-200—R. F. 213-92, DATED, BANGALORE, 4TH DECEMBER 1896.

ORDER THEREON.—Recorded with the following observations :—

i. The taluk treasuries of Magadi and Devanhalli do not appear to have been examined in detail even once during the year, and the cash balance in the former was not examined more than once.

ii. The taluk treasuries at Holalkere and Holé-Narsipur were inspected in detail, thrice during the year, while the rest were inspected either once or twice as noted against them in the statement read above.

2. It is unsatisfactory to note that the Hassan and Channapatna taluk treasuries were not at all taken up for examination even once during the year under report. The Deputy Commissioners concerned will submit their explanation for the omission and see that such omissions do not recur.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

READ :—

Letter No. 4438—405, dated the 24th June 1896, from the Conservator of Forests in Mysore.

Referring to the concluding portion of my No. 3244—299 of 6th April last, recorded in Proceedings of 9th idem, No. 9319-20—Ft. F. 137-95, I have the honor to submit a Note on the sheep-breeding experiment from the commencement to present time, compiled from the records in my office.

2. It will be observed that as regards the Bangalore (including Yelahanka) flock, 287 sheep have been purchased, 666 born, 737 died and 77 sold, leaving only 139, of which 3 are pure Australian rams, 23 cross-bred and country rams, 83 ewes (mixed breed) and 30 lambs; whilst as regards Mysore, 33 were purchased, 101 born, 72 died and 24 sold, leaving 38, of which 4 are cross-bred rams, 28 mixed ewes and 6 lambs, so that there were only 177 sheep remaining in both flocks at end of last month.

3. The expenditure and receipts on account of both flocks, which must be regarded as approximate, have been Rs. 19,811 and Rs. 1,225, respectively, the figures for Bangalore being available up to April 1896 and Mysore November 1895 only, so that in round figures the experiment has cost Government close on Rs. 18,000, an amount for which I regret I cannot regard the results obtained as commensurate, the most disappointing feature being that the raiyats do not appear to care to add the half-bred rams and ewes to their flocks in view to improving them. The wool (sample herewith sent) obtained from the half-bred sheep is certainly much superior to that of the country breed; but the quantity obtained from the small number available is of course too small to be of any practical value.

4. The casualties have been very heavy, exceeding the births; and when I wrote in April, I had grave fears lest the whole Bangalore flock should perish. As it is, we lost 27 during April and May 1896, including one pure Australian ram.

I attribute the sickness to want of sufficient food and bad housing and care, especially the former, and if the experiment is to be continued we must provide more pasturage, especially during the dry months, by regularly laying down some fields in grass, if possible under irrigation, and growing root crops. I have had the shed in the Cubbon Park temporarily repaired, drained and cleaned, but it is in a tumble-down condition; and if Government decide to retain the flocks we must build a suitable one there or elsewhere, so that the sheep may be kept dry and clean.

5. The temporary move to Channapatna has been of great benefit, although heavy losses occurred during transit by rail and immediately afterwards, chiefly through incompetence and want of care on the part of the Agricultural Inspector Srinivasa Iyer, then in temporary charge.

Soundranayagam Konar, on the contrary, has been unremitting in his care and shown great intelligence and zeal in tending the sick animals, providing pasturage and carrying out necessary repairs and improvements to the shed at a moderate cost.

I request sanction for the retention of his services for a further six months from 1st proximo, within which time Government will, I trust, be pleased to provide him with a permanent appointment on increased pay. I am now having the sheep brought back to Bangalore.

I am under considerable obligations to Veterinary Surgeon-Major Bostock, A. V. D. (at present on leave), who came to my aid at a critical period when I feared the sheep were suffering from a type of pleuro-pneumonia or some similar epidemic, held a *post-mortem* and gave me careful advice. I would ask to be allowed to convey to him the thanks of this Government.

6. With regard to the future, I am really diffident of expressing any opinion as I am not a sheep-farmer and had hitherto had no practical experience in such matters.

The experiment is certainly interesting and might, I should say, be productive of good results if more energetically pushed, whilst I am convinced that a little judicious expenditure on a sheep farm would be well repaid by increase in births and decrease in casualties annually. If Government are inclined to continue it I think a scheme might be matured to include the pony-breeding experiment, on the present position of which I shall shortly submit a Note; and proposals regarding the development of which, prepared under the advice of the Chief Civil Veterinary Officer to the Government of India, were submitted by Mr. Ricketts whom Government will probably consult with regard to the sheep.

NOTE *in re* SHEEP-BREEDING EXPERIMENT IN MYSORE.

(1). *Commencement.*—This experiment appears to have been commenced at Bangalore in December 1885, at Yelahanka in March 1889 and at Mysore in November 1888.

(2). *Object.*—The objects of the experiment were twofold, *viz.*, (1) to obtain a flock of fine sheep from local ewes and foreign rams of superior breed and (2) to distribute the cross-bred rams thus obtained among local sheep-owners for breeding purposes, so that the condition of their flocks may thereby be improved particularly in point of fleece.

(3). *Measures adopted* (*Bangalore Farm*).—For the above purposes 94 ewes were purchased locally (this number was supplemented later on by 113 more) and a batch of rams whose number is not known imported from Australia at an early stage of the experiment at a cost of Rs. 3,050. What results were achieved with these there are no records in this office to show. But that all the rams imported died in quick succession is evident from the fact that in December 1888 a second batch of sheep, comprising 7 rams and 8 ewes, were indented for from Australia at a cost of Rs. 2,380. The object of importing ewes also on this occasion was probably to rear a flock of pure Australian sheep here in order to avoid the necessity of getting them from Australia in future at a prohibitive cost. The results were not encouraging; within four years from their importation all but one (a ram which still survives) died, leaving only one offspring which is said to have been subsequently sent to Yelahanka for breeding purposes. This unfortunate circumstance necessitated a third importation from Australia in 1892, when 8 rams were obtained at a cost of Rs. 1,436, and of these only 2 are now living.

This experimental sheep-breeding with Australian rams was and is confined to the Bangalore sheep farm where out of 23 Australian sheep imported in all (omitting the number first obtained) only three rams remain at present. At Yelahanka where a sheep farm was started not only on account of its good grazing grounds but from the facilities it presented for removing there sheep from the Bangalore farm should any contagious disease break out, the experiment of rearing superior sheep of indigenous breeds was conducted by purchasing 57 sheep of the Hosur flock from the Madras Government, the offsprings of which, numbering 60, were recently transferred to the Bangalore farm. For the farm at Mysore town 2 rams, 5 ewes and 1 lamb of a cross breed between Merino and China were purchased from General Morgan and also 25 sheep of Mandya, a town in the Mysore district, noted for its coarse woollen blankets, known as "Dhavali." The progeny of these sheep still exist, numbering 38 in all. The Vice President of the Mysore Municipality is in immediate charge of this farm.

(4). *Results achieved.*—The forming of a flock of superior sheep has so far succeeded at Bangalore that all the original local ewes have been replaced by cross-bred ewes of 2nd and 3rd generations, whose wool approaching in point of fineness, quantity and color that of Australian sheep is far superior to that of indigenous breeds and appears capable of further improvement.

By separating the rams of this cross-bred flock from the ewes at from two to three years old as a safeguard against the deterioration of the flock, a sub-flock of fine breeding rams has always been maintained for the use of sheep breeders. Some of these rams have, from time to time, been sold to large sheep owners about the suburbs of Bangalore and 20 were sent in 1891 to Hyderabad (Deccan) for breeding purposes.

Seeing, however, that none of the village sheep breeders, in whose interests mainly the experiment was undertaken by Government at a great cost, did not go in for ewe-breeding rams, a Circular was issued by the late Inspector General of Forests in October 1894, when 22 rams were available, to the Amildars of such taluks in the province as are noted either for their sheep rearing or manufacture of woollen stuffs, requesting them to inform all the flock owners in their respective taluks that superior Australian cross-bred breeding rams were available at Bangalore—either for sale or even gratis under certain conditions—and that intending purchasers could make their own selection personally. But apparently few availed themselves of the privilege.

(5). *Births and Deaths, &c.*—The following table shows the number of sheep purchased, born, died, and sold during the period of ten years commencing from December 1885 and terminating with December 1895 with reference to the Bangalore and Yelahanka sheep farms.

In this connection it has to be stated that as the Bangalore Taluk Amildar was rendering a consolidated account for both farms whilst in his charge it has not been found possible to obtain separate details for each.

Out of the 51 sheep that remained on the 1st of January 1896, 3 are reported to have since died and 10 to have been sold, leaving 38 on hand on the 1st June 1896.

The expenditure and receipts in connection with the Bangalore and Yelahanka sheep farms, so far as they can be ascertained, are given below :—

Year.	Expenditure.	Receipts.
	Rs.	Rs.

The above expenditure of Rs. 18,513 comprises the following items :—

	Rs.
Purchase of Australian sheep	6,866
Purchase of other sheep	761
Construction and repairs of sheep sheds	1,993
Lease of pasture lands	3,330
Cost of feed and keep	5,563
Total ...	18,513

The receipts are made up of sale proceeds from manure, sheep and wool, which cannot unfortunately be separated; manure which is a constant source of ncome is sold at Rs. 2 per cart-load. The following exhibits the expenditure and receipts of the Mysore town farm.

General Grazing.—The chief drawback to sheep-rearing at Bangalore is want of proper grazing grounds during the hot season. Formerly the marginally noted pastures were being leased for the Government sheep at Bangalore. Subsequently the bed of the Sampige tank and Ricketts Park had to be given up as the former was used for Polo for the Mysore Silahdars, and the latter in which the sheep shed was originally erected utilized for the building of the Meteorological and Geological institutions. The two grounds now available, Residency compound and Cubbon Park contain a coarse kind of grass suited better for cattle than sheep and are almost bare during the hot season. Moreover, Mr. Cameron has had a better offer for the Residency compound from a cattle owner, and it is not worth so much or more to us. It has been brought to notice that the bed of Jakrayanakere (Tank) near the Maharaja's Cotton Mills contains rich pasture throughout the year and is admirably suited for sheep grazing and that our shepherds have been in the habit of grazing, without authority, the Government sheep there, during the hottest months in the year, which alone saved them from wholesale death by starvation. It would appear advantageous to obtain, if possible, the permanent lease of the tank bed in consultation with the Bangalore Taluk Amildar.

1. Bed of Sampige tank.
2. Ricketts Park.
3. Cubbon Park.
4. Residency compound.

Feeding.—At Yelahanka and Mysore the cost on this account is trivial, the sheep there, except the sickly ones and those in poor condition, are given nothing else than grass and a small quantity of soaked horse gram to rams. But at Bangalore the Australian rams have to be fed on wheat bran, Bengal gram (Kadale) and horse gram, and green grass supplied from the bazaar.

Control and Management.—The experimental sheep farms were started by Mr. Ricketts in his capacity as Director of Statistics and Agriculture In the early stage of the experiment at Bangalore, Assistant Conservator Mr. Bapu Rao was in immediate charge of the farm. Then it was transferred to the Bangalore Taluk Amildar who continued to hold charge of it till about the middle of 1893. Meanwhile the office of the Director of Statistics was abolished in July 1892 and the work connected with it divided between Mr. Ricketts and the late Mr. Vijayindra Rao;

that connected with sheep, cattle and pony-breeding and agricultural experiments (cotton, hemp, potato and vine) devolving upon the first named Officer and this office. The correspondence and accounts connected with this portion of work was entrusted to the Khedda clerk of this office giving him an allowance of Rs. 5 (five) per month for the extra work. This Khedda clerk was put also in charge of the sheep farm at Bangalore who continued to hold the same till he was relieved by Agricultural Inspector. Mariswamaiya in November 1894. Srinivasaiya temporarily succeeded Mariswamaiya but was relieved by Soundranayagam Konar who is now in charge of the sheep which have been temporarily shifted to Channapatna where both the Bangalore and Yelahanka sheep have been amalgamated for the time being.

Correspondence ending with letter No. 59, dated the 7th October 1896, from the Officer in charge of the Amrut Mahal Department in Mysore.

In reply to your docket No. 3145—1104, dated 19th September 1896, I have the honor to state that the experimental sheep farm alluded to above, may be transferred to the Amrut Mahal Department to be worked in conjunction with the one that has been already formed by crossing the country ewes with Cashmere and Australian cross-bred rams obtained from the Palace and Mr. Ricketts' flocks.

2. The Amrut Mahal sheep farm is divided into five divisions, (supervised by darogas) each of which is under the charge of a head cooly on Rs. 36 per annum, with a boy grazier on Rs. 8 for every 75 head, and the establishment being only experimental, the cost is charged to the contingencies at present.

3. The present strength of the farm consists of 1,926 head. Some of the wool of the cross-breds was considered by the Woollen Mills at Bangalore nearly as good as the Tibetian, and two blankets manufactured as a trial proved satisfactory.

4. The special farm under reference appears to contain only 216 head of sheep, which may be worked by entertaining an establishment calculated at the above rate, the mutsaddi of the Tumkur division being granted per month Rs. 3 as allowance for superintending the farm, and the flock can be grazed in convenient kavals.

5. Recently orders were issued to reserve all good cross-bred rams to be distributed to owners of large flocks with a view to gradually improving the local breed. But so long as there are any of the inferior rams left in a flock, this will not be of much avail; so hereafter when the number of our sheep permit, endeavours will be made to remove all country rams in a large flock by giving the owner a sufficient number of well bred ones. This can be extended gradually without further expense. Country ewes and rams (to be cut at once) being taken in exchange for the better bred ones.

6. On receipt of orders of Government, the mutsaddi will be directed to take charge of the special flock, but it is to be noted that beyond what I have already mentioned, no further expense is proposed to be incurred by the Amrut Mahal in feeding the sheep without special orders of Government.

7. The papers received with the docket under reference are herewith returned.

No. 5636-38—R. 1908, DATED, BANGALORE, 21ST DECEMBER 1896.

ORDER THEREON.—Under the circumstances stated in the correspondence read above, Government are pleased to direct that the flock of sheep under notice be transferred to the charge of the Amrut Mahal Department. Colonel Macintire is requested to issue necessary instructions for keeping this flock separately, and to submit, for the information of Government, reports on its condition once in three months. As recommended by Colonel Macintire in para 4 of his letter, an allowance of Rs. 3 per month may be given to the mutsaddi of the Tumkur division for the charge of the flock.

2. Colonel Macintire is further requested to furnish, for the information of Government, some further account of the flock already in charge of the Amrut Mahal Department and worked as an experimental measure.

3. The Conservator of Forests is requested to convey the thanks of the Government to Veterinary Surgeon-Major Bostock, A. V. D., for the timely help rendered by him when the sheep were suffering from a type of pleuro-pneumonia or some similar epidemic.

Letter No. 971—200, dated 29th August 1895, from the Deputy Commissioner, Kolar district, soliciting instructions as regards the disposal of a case in which a person who obtained a free rahadari, dated 13th May 1895, from a sayar katte in the Tarikere taluk for exporting, within two months from the date of the pass, 88 and odd maunds of arecanut to the Penagonda taluk in the Madras Presidency, broke bulk and partly sold the article in the Kolar taluk.

2. Letter No. 404, dated 2nd November 1895, from the Deputy Commissioner of Tumkur, submitting copy of a circular issued from his office on 2nd December 1872.

3. Government Proceedings No. 5355-60—R. 2085, dated 6th December 1895, requesting the Deputy Commissioners of districts (except Kolar and Tumkur) to report the practice prevailing in their districts with authority for the same.

No. 5521-28—R. F. 73-96, DATED, BANGALORE, 17TH DECEMBER 1896.

ORDER THEREON.—The subject under reference relates to the supari halat which alone is still retained as an item of State revenue. Under the rules in force, the whole of the arecanut produced in the province is liable to pay duty, the only exemption which is allowed as a matter of practice being in the case of such quantity of the nut as is reserved for the home consumption of the grower. It is presumed that the duty on the assessable article is levied in the katte nearest to the village where it is produced, if there is one, or by the shanbhog of such village in other cases, and a rahadari given for the transport of the nut. When once the duty has been paid, the owner is at liberty to deal with the nut in any way he likes; and the purpose of the rahadari is nothing more than to serve as a voucher for proving the payment of the duty on the arecanut covered by it As a matter of practice, the route and the destination are mentioned in the rahadari as aids for identifying the nut; but by diverting the route or keeping the rahadari beyond the time therein mentioned, the possessor deprives himself of the protection afforded by the rahadari and enhances the difficulties of identifying the article said to have been protected by it. He thus exposes himself to the risk of being dealt with as a smuggler and it will be in his own interest therefore that he should conform to the conditions of the rahadari. The local officials should, at the request of the possessor, also note on the rahadari, if produced at the time of the transaction, any sales or other dealings by which portions of the arecanut leave the hands of the possessor, so that till the whole quantity is disposed of the owner may not have any difficulty in showing that the rahadari in his hands covers and protects the article in his possession. But if the rahadari is rejected as not relating to the article seized, then the rules of smuggling apply and ought to be enforced. In cases however where proper explanations are forthcoming and it is proved satisfactorily that duty has been paid on the supari covered by a time-expired rahadari or by one the conditions of which regarding the route, &c., have not been adhered to, no further levy thereon is warranted by law or by the circumstances of the case.

2. Supari, imported from Her Majesty's territories beyond Mysore, is not liable to pay any *halat* and the best arrangement to watch such imports and guard against evasion of duty on Mysore supari is to insist upon a *Mafi* rahadari being taken in the first Mysore village to which such imports are brought The Deputy Commissioners are requested to report what arrangements are in practice in their districts to distinguish foreign supari from local production and to prevent the evasion of payment of duty on the latter on the pretext that it is foreign import.

READ :—

Returns of "Revenue cases" and "Miscellaneous Proceedings" filed, disposed of and pending in the several Revenue Courts of the Province for the quarter ending 30th June 1896.

No. 5842-49—R. 1996, DATED, BANGALORE, 23RD DECEMBER 1896.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of "Regular," "Original," "Appeal" and "Referred" cases filed and disposed of during the quarter under review, as compared with the number disposed of during the corresponding period of 1895.

2. The Deputy Commissioners of Bangalore, Kolar, Mysore, Hassan and Chitaldrug have not submitted, as required in Government Order No. 17564-71—R. 2515, dated 13th April 1895, explanatory memoranda regarding cases pending disposal for more than four months. They should not only supply the omission at once but also explain it.

3. The dates of the oldest cases pending in the Bangalore, Mysore, Chitaldrug, Shimoga and Tumkur districts are as follows :—

Bangalore, 7th September	1892.	Shimoga, 7th September	1895.
Mysore, 6th do	1894.	Tumkur, 25th do	1895.
Chitaldrug, 3rd July	1895.		

Every endeavour should be made to dispose of these long-standing cases. Government cannot understand why any case should be pending for more than four years in the Bangalore district. The other Deputy Commissioners, who have not given such dates, are required to do so as early as possible, and to furnish this information without fail in future returns.

4. The disposal of "Petitions" and "Miscellaneous Revenue Proceedings" is exhibited in the statement marked B. The balance shown as pending under "Orders, Reports, &c., and Petitions" in the Mysore district is very large, as also the case under the former head in the Shimoga district. The Deputy Commissioners of these districts are requested to adopt early measures for reducing the balance to as low a figure as possible.

No. 5963-70—R. F. 159-95, DATED, BANGALORE, 23RD DECEMBER 1896.

ORDER THEREON.—It has to be observed with regret that the Tumkur return is dated 4th October, that is to say, three months after it was due. Hassan and Kolar districts were also long overdue. It has, therefore, become necessary to repeat the instructions that these returns are expected to be submitted on or before the 20th of the month following the quarter to which they relate, in the form prescribed in para 3 of Government Order No. 152-9—R. F. 67-95, dated 7th July 1896.

3. The number of pending darkhasts in the following taluks is large and especially so in the taluks marked*. The desirability of giving prompt attention to darkhasts is a matter which cannot be too strongly impressed upon the taluk officials, and it behoves the Deputy Commissioners of all the districts, except Tumkur, to see that the disposal of darkhasts pending for more than one year is not unnecessarily delayed. The Hassan district shows the largest number of such darkhasts, *viz.*, 493, and it is to be hoped that the next return from that district will show an improvement in this respect. The return under review shows an undesirable addition of 18 darkhasts to the already large number, *viz.*, 76, commented upon in Government Order No. 2877-84—R. 1046 of the 12th September 1896, and pending for more than three years.

4. The total number of darkhasts pending in the taluks of Nagamangala and Seringapatam are 104 and 48, respectively, and not 105 and 46 as mentioned in the district return. Such mistakes should be carefully avoided in future.

Letter No. 3324—E. 3, dated 16th September 1896, from the First Assistant to the Resident in Mysore, forwarding copy of the Government of India, Finance and Commerce Department, Resolution No. 1120. S. R. of the 11th March 1896.

No. 1120 S. R.

GOVERNMENT OF INDIA.

FINANCE AND COMMERCE DEPARTMENT.

SEPARATE REVENUE.

Cotton Duties

RESOLUTION.

Calcutta, the 11th March 1896.

READ:—

Letters from this Department, Nos. 2110 and 5187, dated respectively the 6th May and 31st October 1895, to the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh and the Panjab, and to the Chief Commissioner of the Central Provinces.

Notification No. 864, dated the 21st February 1896, publishing the rules under the Cotton Duties Act, 1896.

In the letters cited above the Government of India called for monthly statements from the local Governments and Administrations, showing (1) the gross amount of duty realised under the Cotton Duties Act, XVII of 1894, (2) the refunds allowed on exports of duty-paid yarns, and (3) the production of yarns of counts not subject to duty.

2. Act XVII of 1894 having been repealed by the Cotton Duties Act II of 1896, the necessity for the preparation of the first two of these returns has ceased to exist. Instead of them returns will be required in future of the goods which are dutiable under the present Cotton Duties Act and the statements of yarn spun in the mills required by Rule 18 of the Rules under the Act published in the Notification No. 864, dated the 21st February 1896.

3. In future, accordingly, three monthly statements should be sent to the Government of India in the Department of Finance and Commerce, in the form attached, showing—

(1) the quantity of cotton goods produced and the gross amount of duty realised thereon under Act II of 1896;

(2) the refunds granted under the Act on exports of duty-paid goods; and

(3) the quantity of cotton yarn spun by the mills.

4. The sums entered in returns (1) and (2) should be the sums actually received and paid, respectively, in the month to which the returns relate, excluding sums due but not actually received or paid. In specifying the counts of yarn in return (3), fractional counts (which may occasionally be spun) should be entered as the next higher count, for instance, 20½ would be entered as 21.

5. The returns should commence, in the case of returns (1) and (2), from the date on which the Cotton Duties Act came into force. Return (3) should be a continuation of the returns of yarn hitherto rendered, the new return taking their place without any interval. It is desirable that arrangements should be made so that all the returns may reach the Government of India within a month after the end of the period to which they relate.

ORDERED, that copy be forwarded to the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh and the Panjab, and to the Chief Commissioner of the Central Provinces.

Ordered also, that copy be forwarded to the Foreign Department with the request that the Resident at Hyderabad and the Chief Commissioner of Ajmere-Merwara may be asked to furnish statistics for the Hyderabad Assigned Districts and Ajmere-Merwara, respectively.

J. E. O'CONOR,

Asst. Secy. to the Govt. of India.

„ 1458—167, dated 4th November 1896, from the Inspector General of Police in Mysore, stating that he has no objection to the delegation of Mr. R. B. Plumer, Assistant Commissioner in charge of Police, Shimoga, to the jamabandi work of the Kumsi sub-taluk, as proposed by the Deputy Commissioner.

„ 306, dated 12th November 1896, from the Deputy Commissioner, Kadur district, submitting a revised programme of the distribution of jamabandi work for 1896-97.

„ 335—304, dated 24th October 1896, from the Deputy Commissioner, Chitaldrug district.

No. 5922-30—R. 2029, DATED, BANGALORE, 23RD DECEMBER 1896.

ORDER THEREON.—The subjoined table, compiled in this office, exhibits the manner in which the district jamabandi work for the current year 1896-97 is proposed by the Deputy Commissioners to be distributed between themselves and their Assistants.

2. The Deputy Commissioner, Tumkur district, does not state what arrangements he would make for the discharge of the Treasury duty during the absence of the Treasury Assistant Commissioner on jamabandi work at Gubbi.

3. It is inexpedient, and perhaps open to legal objection, that Mr. Plumer should be deputed for jamabandi work. The Kumsi sub-taluk may, therefore, be added to the Officer who is entrusted with the jamabandi of the taluk of which Kumsi is a part.

4. None of the Deputy Commissioners has reported the probable date when the jamabandi work is likely to be completed. This information should be furnished in future programmes.

5. The Deputy Commissioners are requested to arrange for the completion of the district jamabandi work as early as practicable, attention being paid by the Jamabandi Officers to the instructions laid down in para 4 of Government Proceedings No. 259-4-601—R. 954, dated 5th September 1896, in regard to the work to be done at the time of jamabandi. The return of the estimated jamabandi should be submitted, in the recently revised form, on or before the date fixed, *viz.*, 1st February.

EXCISE.

Proceedings of the Government of Mysore,

READ:—

Statements of demand, collection and balance under the head "Abkari" for the twelve months ending 30th June 1896, received from the Excise Commissioner.

No. 5129-37—Ex. 192, DATED, BANGALORE, 4TH DECEMBER 1896.

ORDER THEREON.—The subjoined statement A exhibits the demand, collection and balance under the head "Abkari" for the twelve months ending 30th June 1896 as compared with the figures for the corresponding twelve months of the previous year 1894-95.

A.—Statement showing the demand, collection and balance under the head "Abkari" in the Mysore Province for the year 1895-96 as compared with the year 1894-95.

The Deputy Commissioners of Districts.

READ :—

Letter No. 2095—185, dated 2nd November 1895, from the Excise Commissioner in Mysore, submitting for approval and publication a draft Notification inviting tenders for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from 1st July 1897 to 30th June 1902.

No. 5824—EX. 227, DATED, BANGALORE, 28TH DECEMBER 1896.

ORDER THEREON.—The draft Notification, received with the above as revised in this office, will be published in the *Mysore Gazette*, in English and Kanarese.

NOTIFICATION.

No. 5814—*Ex.* 223, *dated* 28*th December* 1896.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1897 to 30th June 1902.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws and Rules passed by Government from time to time. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated to be between 46,000 and 48,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1895-96 having been 551,935 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon at which they will supply all the Arrack required, of the strength of 20° under-proof, during the whole period of the contract. The rate of price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to retail shop-keepers and to renters of the right of retail vend, during the currency of the contract granted under this Notification. For double-distilled spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer will be allowed to fix his own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Tuesday the **2nd March 1897**, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **2nd March 1897,** in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **one lakh of rupees;** and shall execute an agreement, in the prescribed form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I. The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore, together with the existing system of water-supply thereto, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government.

II. The contractor will be required to have ordinarily a month's supply (46,000 gallons at the present rate of consumption) and *never less* than 23,000 gallons of admissible spirits in terms of 20° under-proof in store at the Distillery.

III. The contractor will be allowed to purchase spirit from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack. Should the contractor himself establish a Sugar Factory and distil Arrack therein, with the permission of the Government, he will be bound to keep in stock such quantities of spirit at such factory as may be fixed by Government.

IV. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, giving the contractor the first refusal of so doing.

V. The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the spirit at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1*st*. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain ;

2*nd*. To separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the Separate Shop System may be extended ;

3*rd*. To vend-renters to whom the Government may sell the right to vend Arrack in defined tracts ; and

4*th*. To the licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors" and for the sale of the same in Refreshment-rooms and in Hotels and Boarding-houses.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

VI. The contractor shall be bound to conform to the provisions of Act XXII of 1881 (the Excise Act) as in force in the Civil and Military Station and as introduced into Mysore with certain modifications by Regulation III of 1885, as well as to the Rules framed thereunder by Government from time to time.

VII. The out-going contractor shall give, and the in-coming contractor shall take over, any Arrack or other Country Spirits not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

VIII. Should the in-coming contractor so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation must cease.

IX. Should the out-going contractor so desire, the in-coming contractor shall be bound to purchase all apparatus and stock and block belonging to the out-going contractor at the Government Central Distillery, Bangalore, at a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going contractor, and to intending bidders by a Notification to be duly published in that behalf.

X. Improvements of a permanent nature shall be retained and not be disturbed except with the approval of the Executive Engineer.

XI. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit of one lakh of rupees forfeited, and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended :—

NOTE 2.—From 1st July 1897 the rate of still-head duty on Arrack 20° under-proof, payable to Government, will be raised from Rs. 4 to Rs. 4-12-0, and the retail price thereof from Rs. 5-5-0 to Rs. 6-6-0 per gallon (*i. e.*, from Re. 0-1-8 to Re. 0-2-0 per dram which is equal to $\frac{1}{5}\frac{1}{6}$ part of a gallon). The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration.

NOTE 3.—For double-distilled spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1896, incurred an expenditure of Rs. 69,018-2-0 on account of plant put up.

APPENDIX.

READ THE FOLLOWING PAPERS :—

1. Letter No. 5310—509, dated 27th June 1895, from the Excise Commissioner in Mysore, submitting for orders the question whether the wholesale importation of foreign spirits and fermented liquors under what is called the "co-operative system," is permissible under the Excise Law.

2. Letter No. 716—72, dated 10th August 1895, from the same Officer, reporting that no license was issued in respect of such liquors.

3. Letter No. 2154—158, dated 2nd October 1896, from the same Officer reporting the practice existing in Clubs, and stating that the exemption contained in Sections 12 (*a*) and 21 (*a*) of the Excise Act appears only to apply to individual persons and not to any Company or Association or Club or body of persons.

4. Letter No. 70, dated 16th November 1896, from the Government Advocate, quoting the definition of "person" in the General Clauses Act.

No. 5488-89—Ex. 215, DATED, BANGALORE, 15TH DECEMBER 1896.

ORDER THEREON.—The question before Government is whether Clubs and bodies of individuals, purchasing liquor on the co-operative system, are entitled to the exemption from license fees conferred by Sections 21 and 12 of the Excise Act in the case of the purchase of spirit by any person for his private use, and that of the sale of remnants of such spirits. Clubs, corporations and other bodies which have a distinct existence, apart from the individuals composing them, can as such clearly have no "private use" for liquor; and are, therefore, not entitled to any exemption.

2. The case of a co-operative society, that is, of a number of persons who join together and purchase liquor, is essentially different: the purchase being, in this case, one made for private use by a body of persons instead of by a single person, and being really equivalent to different transactions by the different individuals composing the society. No license can, therefore, be insisted upon in such cases. But, in order to prevent abuse of this exemption, the Government are pleased to direct that every co-operative society be called upon to furnish the Deputy Commissioner with a list of its members so as to facilitate the detection and punishment of abuses, if any.

FORESTS.

Proceedings of the Government of Mysore.

READ :—

The following letter No. 737–73, dated 17th August 1896, from the Conservator of Forests in Mysore, to the Secretary to Government, General and Revenue Departments.

I have the honor to report that as already indicated in recent communication and fully explained verbally to the First Councillor, I think it advisable gradually to do away with Sub-divisional as distinct from Range charges, as they only lengthen the chain of responsibility and it is found preferable to place Junior Assistant and Sub-Assistant Conservators in charge of the more important Ranges for the performance of executive duties in which they are held directly responsible to the District Forest Officer.

2. Acting on those principles, which have been generally adopted in the Department in British India, I have, in communication with the District Forest Officer and Deputy Commissioner, Mysore, arranged for a re-distribution of charges in that district which will, until further orders, consist of four range charges, three of which will be held by Messrs. M. G. Rama Rao, Theobald and H. Srinivasa Rao and the fourth and least important by a Ranger. I have, therefore, to request that Government may be pleased to sanction the abolition of the subdivisional charges of Hunsur, Heggaddevankote and French Rocks, some of which would appear to have been constituted under the orders of Government and some under those of the late Inspector General only.

3. In this connection it is necessary to re-distribute the clerical staff for which proposals as per accompanying statement have been prepared by the District Forest Officer and approved of by the Deputy Commissioner and myself.

They entail no additional expense in case the temporary hand on Rs. 15 sanctioned for the French Rocks sub-division in Government Proceedings No. 819–20—Ft. F. 53-95, dated 23rd July 1896, for the first six months in the current official year, be made permanent, and are calculated to remove or minimise complications caused by paper appointments under which clerks were being paid in one office or appointment, whilst really working in another, and I, therefore, request that necessary sanction may be accorded and communicated to the Comptroller at an early date.

The following letter No. 1834—155, dated the 26th November 1896, from the Conservator of Forests in Mysore with enclosure from District Forest Officer.

Referring to your Official Memorandum No. 217—Pet., dated 3rd August last, forwarding petition of one Theppada Deva Naik of Sogahalli, herewith returned, I have the honor to forward for orders of Government copy of the Mysore District Forest Officer's docket No. 183 of 10th instant reporting on the subject matter of the petition and to suggest that in view of the approaching Khedda operations Government may be pleased to re-publish Mr. Ricketts' Notification, dated 10th October 1892, with a proviso to the effect that the Conservator may grant license to shoot when necessary and with due regard to Khedda requirements. Otherwise the late Inspector General's Notification should, I submit, be withdrawn as it is not advisable to have orders standing which cannot be legally enforced.

ENCLOSURE.

No. 183, dated the 10th November 1896, from the District Forest Officer, Mysore, to the Deputy Commissioner, Mysore district.

With reference to the Conservator of Forests' docket No. 718—53, dated 15th August 1896, has the honor to state that on an enquiry held by the Sub-Division Forest Officer, Heggaddevankote, in July last, regarding the killing of a tiger in the district forest near Manchagandanahalli by Sogahalli shikaridars it was elicited that the shikaries, while running deer and samber into the net put forth by them, a huge tiger was accidentally caught, and was speared to death by the shikaries. This tiger was giving lot of trouble to cattle of the surrounding villages and was a dread to the way-farer. There was an order of the late Inspector General of Forests prohibiting shooting in the taluks of Heggaddevankote, Gundal and Chamrajnagar during the Khedda operations, but no legal action could be taken against the offenders as the prohibition was one not notified by Government. The petition is herewith submitted.

No. 5481—Ft. F. 10-95, DATED, BANGALORE, 16TH DECEMBER 1896.

ORDER THEREON.—The Conservator's recommendation is approved, and the following Notification will be published in the *Mysore Gazette*.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.

No. 5482—Ft. F. 10-95, DATED, BANGALORE, 16TH DECEMBER 1896.

The Government of Mysore are pleased to publish the following Notification:—

NOTIFICATION.

The public are hereby informed that owing to the institution of khedda operations in the Chamrajnagar and Heggaddevankote taluks, all shooting of any game whatsoever, or using dynamite for fishing in the State Forests of these taluks, is strictly prohibited until further notice.

Persons entering the above forests in pursuit of game or fishing and for other sporting purposes, without the special permission of the Conservator of Forests or of a Forest Officer duly authorized by him in that behalf, will be liable to be prosecuted.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

The following letter No. C. 92, dated the 6th December 1896, from the Conservator of Forests in Mysore.

Referring to Proceedings No. 3855-64—Ft. F. 96-95 of 12th October, I have the honor to report that after protracted discussion and correspondence and the deputation of a Special Revenue Officer Mr. Kuppusami Mudaliar, Assistant Commissioner, in accordance with Government Proceedings No. 3897-8—119 of 4th July 1891, the forest settlement of the Royalpad, Addagal-Nelavanki tracts, which may be said to have occupied upwards of six years, was at last completed, and they have been demarcated and notified as State Forests on 27th August last, *vide* Notification of that date. I do not think it would be expedient to re-open the question, and the only suggestion I can make is the deputation of a surveyor and competent forest official to demarcate and re-measure the land as suggested by the Superintendent of Survey in para 4 of his letter printed with the proceedings under reply.

2. The answer to Colonel Grant's query in para 3 of his letter "why the Forest Department should take up so many part survey numbers," is because they are not as a rule permitted to take up whole numbers. It is not because whole numbers would not suit our purposes as well or better, but because portions of them are, I suppose, I must consider necessarily and certainly advisedly though, frequently empirically, excluded by the Revenue Officers making the settlement, that part survey numbers are taken up; and I confess I see no remedy for this unless the whole principles under which forest settlements are conducted in Mysore are re-considered and placed on a different basis, a step which I recently advocated without success.

3. I fully recognize and appreciate Colonel Grant's objections to splitting up survey numbers and shall do my best to minimize it in future settlements. The fact is that the Forest and Survey settlements should have gone hand in hand when all this difficulty would have been avoided. As it is, we find, especially in the malnad, large areas of dense forest thrown into "gomal," one survey number being given to blocks of several hundred acres comprising, besides the open grass lands, wood lands quite unfit for pasturage. It is too late to alter this now and we must either, if allowed, include the grass land in the proposed "State Forest" in face of the raiyats' protests against alienation of "gomal" or take up part numbers which is certainly open to the objections urged by Colonel Grant.

4. It will be gathered from the above that I do not propose to submit "revised alienation statements" in respect of the forests under reference; but a competent forest official will be deputed to accompany the surveyor whenever the Superintendent requires. In future selections we shall be only too glad to give effect to the suggestion contained in para 5 of Colonel Grant's letter and I trust Government will impress the same on Revenue Officers entrusted with forest settlements.

No. 5622-31—Ft. F. 96-95, DATED BANGALORE, 21ST DECEMBER 1896.

ORDER THEREON.—The foregoing letter is communicated to the Superintendent, Revenue Survey, and the Deputy Commissioners of districts, in continuation of Government Proceedings No. 3855-64—Ft. F. 96-95, dated 12th October 1896.

2. The suggestion made in para 4 is approved.

The following letter No. C. 107, dated 15th December 1896, from Colonel I. Campbell Walker, Conservator of Forests in Mysore.

In continuation of my letters marginally noted, I have the honor to suggest that Mr. G. E. Ricketts, Assistant Conservator, 2nd class, may be placed on special duty for the exploration of the ghat forests and selection of areas to be reserved under the spirit of Government Proceedings Nos. 8234-36—R. 3185, and 8927-30—R. 3451 of 9th and 31st March 1896.

C. No. 30, dated 30th October 1896.
C. No. 63, dated 6th December 1896.

2. So far as I can gather from the records in my and District offices, the mountain forests on the Western Ghats in the districts of Hassan, Kadur and Shimoga appear never to have been really explored and reported on by a Forest Officer, and their resources in the shape of timber and minor produce are very imperfectly known. From what I have seen in the two former districts, the growth graduates from deciduous to evergreen according to elevation and rain-fall with a very considerable intermediate or simi-deciduous zone containing much valuable timber including Poon, (*Calophyllum tomentosum*), Nandi, (*Lagerstræmia lanceolata*) the Cedars (*Aerocarpus fraxinifolius, cedrela Toola, soymida febrifuga, Chickrania tabularis, melia dubia*), Iron wood (*Mesua perica Pocciloneuron indicum*), Jambe *Xylia dolubriformis*, *Eugenia*, *Litsæa*, &c., along with the Diptercarps and others valuable for their economic products.

3. I do not anticipate that we shall find much in the shape of timber, especially in the higher elevations, which would justify the opening up of communications at present to place it on the market.

The Mysore State is so favored by nature that these valuable forests, which would elsewhere long ere this have been tapped and probably ruined, remain virtually intact as a splendid reserve of wealth in the future. But with the advent of railways and communications generally all this will change and it seems to me a wise policy to ascertain beforehand what we have got in view of protecting the valuable portions and developing them as and when required.

Meanwhile they are, I believe, of much commercial value in virtue of their products which may be largely increased by the growth of cardamoms, &c., without detriment to the forests. My views with regard to reservations of forests surrounding springs and on the head waters of streams, are already before Government with the recommendation that a Special Forest Officer be employed to select and demarcate such areas.

4 Botanically there is so much of interest to be observed and learnt in the region referred to that I venture to suggest that if Mr. Cameron could be deputed to accompany Mr. Ricketts at the outset for a couple of weeks and re-join him from time to time as circumstance and his other duties admitted, it would be in every way beneficial and expedient in the interests of botanical research, and I am sure Mr. Cameron would value and make good use of the opportunities thus afforded.

5. From a purely forest point of view I have selected Mr. Ricketts, for the duty because he is available, has expressed his willingness, and proclivities for the work in preference to a district charge and may, I think, be trusted to do it justice.

6. Should Government be pleased to adopt the suggestion, he will require a small and carefully selected establishment and considering the arduous nature and expense attendant on such duties as I have briefly indicated, both he and they should receive special malnad allowances whilst employed on them.

Work would commence in the Kadur district under my instructions and the general supervision of the Deputy Commissioner, and as the working season on the ghats is very short and Mr. Ricketts will have finished the duty on which he is now employed within the current month, I venture to solicit very early orders leaving details to follow.

No. 6004-5—Ft. F. 27-95, DATED BANGALORE, 29TH DECEMBER 1896.

ORDER THEREON.—The Conservator's suggestion, for the employment of Mr. Ricketts, on special duty, as suggested in the letter read above, is approved. Considering the arduous nature of the work and the expense attendant thereon, Mr. Ricketts and his establishment will be granted malnad allowance as recomended by Colonel Walker, whose further report, regarding the establishment required for Mr. Ricketts, is awaited.

2. Mr. Cameron will be consulted with regard to the suggestions made in para 4 of the letter read above and his views communicated to the Conservator of Forests.

To—The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

No. 5096-105—Fl. 412, DATED, BANGALORE, 5TH DECEMBER 1896.

ORDER.—Government are pleased to appoint Mr. Chengiah Chetty, Assistant Commissioner, as Inspector of Agricultural Banks, on a salary of Rs. 500 per mensem with the travelling allowances of a Sub-Division Officer.

2. Mr. Chengiah Chetty's duty will be to examine the working of all existing Banks, to scrutinize proposals for the establishment of new Banks, and to submit his opinions and recommendation to the Government through the Deputy Commissioners of the districts concerned, with whom he will always maintain confidential communication in all matters affecting the system of the Banks generally, and the efficiency of particular Banks. He will also be entrusted with the duty of dealing similarly with advances for irrigation wells, land improvements, &c.

3. Separate orders will issue as regards the establishment required for Mr. Chengiah Chetty's office.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To.—The Deputy Commissioner, Mysore District, with a request that he will arrange to have Mr. Chengiah Chetty relieved forthwith so as to enable him to report himself at the Secretariat and receive the necessary instructions.
The Deputy Commissioners of other Districts.
The Comptroller to the Government of Mysore.
Mr. Chengiah Chetty.

No. 5156-90—Fl.428, DATED, BANGALORE, 5TH DECEMBER 1896.

ORDER.—In drawing the attention of Heads of Departments and of the Deputy Commissioners of districts to Government Proceedings No. 24251-84—R. 3538, dated 19th June 1895, Government direct that no advance shall ordinarily be drawn from treasuries without the previous sanction of Government and that, if, owing to pressing urgency, it becomes absolutely necessary to draw any advances without such sanction, the matter should be immediately reported to Government for orders.

2. All advances drawn should be adjusted *punctually* within the time allotted therefor, and reports thereof made to Government without loss of time. When it is found that any advance cannot be adjusted within the time fixed, the sanction of Government should be obtained to an extension of the period for adjustment.

3. It is hoped that these instructions will be strictly followed by all Officers concerned.

Correspondence ending with letter No. 468, dated the 23rd November 1896, from the Deputy Commissioner, Tumkur district.

No. 5252-54—R. F. 113-95, DATED, BANGALORE, 7TH DECEMBER 1896.

ORDER THEREON.—With the above letter, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Mavinakere in the Turuvekere sub-taluk.

2. N. Boregauda and fifteen others propose to establish the Bank for the benefit of Mavinakere and three other villages, noted on the margin. The members own 247 acres and 6 guntas of land, the aggregate value of which is reported to be Rs. 14,250 with no encumbrance thereon.

1. Rajapura.
2. Byadarahalli.
3. Karadigere.

3. The members propose to start the Bank with a capital of Rs 8,000, but the Deputy Commissioner limited the grant to Rs. 4,000.

4. Under the above circumstances, and having regard to the aggregate value of the property with no encumbrance thereon, Government are pleased to sanction an advance not exceeding Rs. 4,000 being made for the Agricultural Bank under reference, and to authorize the Deputy Commissioner to place the aforesaid amount in the Tiptur taluk treasury on that account.

5. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

6. The Memorandum and Articles of Association submitted by the Deputy Commissioner, together with the Public Service Transfer Receipt for Rs. 1-8-0 being the registration fee, will be forwarded to the Registrar of Joint Stock Companies for registration.

7. The extract from the taluk map received with the above ought to have been signed by the Deputy Commissioner or other responsible officer of Government.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Tumkur District.
The Comptroller to the Mysore Government.
The Registrar of Joint Stock Companies, with Articles of Association and the Public Service Transfer Receipt.

No. 5349-57—Fl. 448, DATED, BANGALORE, 11TH DECEMBER 1896.

ORDER.—The Comptroller having brought to the notice of Government that, in spite of repeated reminders from his office, vouchers connected with the Treasury Lists of payments are not received complete with those lists, the attention of the Deputy Commissioners, Treasury Department, is drawn to Article 326 of Chapter 18 of Volume 1 of the Civil Account Code, and they are requested to see that no payments are made without proper vouchers, and that all lists of payments are submitted on due dates with all vouchers complete. It is hoped that a strict observance of the Codal Rules in this respect will be invariably insisted upon and that omissions and delays of the kind brought to notice will nowhere recur.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore (with reference to his letter No. 3332, dated 27th November 1896).

READ:—

Letter No. 38, dated 10th July 1896, from the Deputy Commissioner of the Hassan district.

No. 5439-42—R. F. 115-95, DATED, BANGALORE, 14TH DECEMBER 1896.

ORDER THEREON.—With the above letter, the Deputy Commissioner submits (in manuscript) the Memo and Articles of Association of an Agricultural Bank proposed to be established at Saklespur by Sundekere Srikantaiya and eleven other

native coffee planters holding lands in 34 villages of the Manjarabad taluk and three villages of the Belur taluk. On perusal of the papers submitted, the Government first make the following observations.

(1) The signatures of the members affixed to the Articles of Association have not been attested as required by the form laid down for the purpose. This omission should be supplied, the Memo and the Articles of Association being obtained in printed form.

(2) The Bank is proposed to be started with a capital of four lakhs. The aggregate value of the property held by the members being Rs. 7,60,850 with an encumbrance of Rs. 2,66,900, the Deputy Commissioner thinks that the advance of four lakhs applied for by the members may be granted at 4 per cent interest as in the case of similar Banks already opened. The value of the lands has been estimated by the members themselves. Neither the Amildar nor any other responsible officer has inspected and valued them. The valuation should now be made by the Inspector of Agricultural Banks with the aid of a respectable panchayet and with special reference to the market value of the lands as ascertained from the books of the Registration Department.

(3) The grant of loans is proposed to be regulated not according to the limit laid down in para 6 of Government Proceedings No. 5038-47—Fl. 274, dated 2nd December 1895, but according to the scale hereunder given:—

Class I, on the security of immovable property Rs. 60,000,
Class II, on joint pro-notes Rs. 15,000,
Class III, on joint instalment bonds Rs. 3,000,
Class IV, on "Mubadala" or hand loans Rs 2,000,

with a proviso that no member shall at any time be indebted to the Bank in a larger sum than Rs. 75,000 including loans of all descriptions granted to himself and to other members on his security. Under the last sentence of para 6 of Government Proceedings No. 5038-47—Fl. 274, dated 2nd December 1895, the case appears to call for exceptional treatment, the objects with which the advance is applied for by the members being (1) the discharge of heavy existing liabilities and (2) the raising of funds for current expenses and future improvements.

2. nder these circumstances the Government are pleased to sanction the grant of Rs. 4,00,000 recommended by the Deputy Commissioner at 4 per cent interest per annum subject to the condition that no money should be advanced until the Inspector of Agricultural Banks shall have satisfied himself as to the solvency of the members and the correctness of the valuation of their lands and made a report to that effect to the Deputy Commissioner. The amount should then be advanced in such instalments as the Deputy Commissioner may consider proper. Interest should be recovered half yearly on 30th June and 31st December commencing from the date of each instalment. The grant of loans under Classes II, III and IV as proposed by the members is however unduly high. They should be reduced to the following limits:—

Class II, 5,000,
Class III, 1,500, and
Class IV, 1,000.

3. A fresh Memorandum and Articles of Association on the lines above indicated should be obtained from the members and duly registered.

4. As regards the doubt expressed by the Deputy Commissioner as to the priority of Government claim over the property of the members in the absence of any deeds of hypothecation in favor of Government, Government observe that it is not their wish that any immovable property should be directly mortgaged to them as security, but in the case of such exceptionally large advances as the present which is applied for mainly for the discharge of existing liabilities, &c., they expect Agricultural Banks to secure proper documents from the borrowing members and to deposit the same in public treasuries. This safeguard, which secures to the Bank priority over subsequent encumbrances, coupled with watchfulness on the part of the Bank and constant careful supervision on the

part of the Inspector and other Government officers, is considered sufficient for the present.

5. The Inspector should, therefore, see that in the present case all the existing debts are really discharged, that the documents connected therewith are all duly taken back, and that in the case of all large loans to its members, duly registered deeds of hypothecation together with title-deeds and discharged bonds are secured by the Bank and lodged in the Government Treasury.

PETITION.

Proceedings of the Government of Mysore,

Petitions noted in the margin from Hyath Sabof Venkatagirikote, Chintamani taluk, complaining of the sale of his lands for the recovery of the advance granted to him for sinking an irrigation well.

No. 3440, without date.
,, 3630, dated 6th April 1896.
,, 3787, dated 18th May 1896.
,, 396, dated 22nd July 1896.

2. Letter from the Deputy Commissioner, Kolar district, No. 5073—1416, dated 30th June 1896, reporting on the above petition and submitting the vernacular record connected with the case.

3. Letter from the Deputy Commissioner, Kolar district, No. 878—210, dated 17th August 1896, submitting certain further information called for on the subject.

No. 4895-4901—P. 791, DATED, BANGALORE, 1ST DECEMBER 1896.

ORDER THEREON.—The petitioner Hyath Sab applied for an advance of Rs. 300 for sinking an irrigation well in his field, Survey No. 65, measuring 3 acres and 31 guntas and assessed at Rs. 7, in the village of Timmasandra, Chintamani taluk. The well was estimated to cost Rs. 402 and the advance was granted to him in the year 1892 in four instalments on the security of his field referred to, as well as two personal sureties. He failed to complete the work within the given time and the work itself collapsed owing, it is said, to want of timely attention on his part. Steps were accordingly taken for the recovery of the advance as well as certain arrears of kandayam due by him amounting to Rs. 5-11-0. As the sale of field No. 65 fetched only Rs. 92, another land in his holding, *viz.*, Survey No. 91, measuring 3 acres and 8 guntas, and assessed at Rs. 6, was also sold and it fetched Rs. 192. Thus a total amount of Rs. 284 was realized, leaving a balance of Rs. 21-11-0 still due, which, as he is unable to liquidate, his sureties have, it is said, been called upon to pay. These sales were confirmed by the Deputy Commissioner, and the lands are reported to have been registered in the names of the purchasers. The petitioner now appeas against the Deputy Commissioner's order confirming the sales.

2. The Deputy Commissioner observes that individuals plead inability to show progress notwithstanding the expenditure of a larger sum than the advance received from the Government, while as a matter of fact their failure to abide by the terms under which advances were made is due to negligence on their own part in not paying prompt attention to stone work as soon as the earthwork is completed. In such cases, he solicits instructions as to whether the recovery of advances should be held in abeyance and the parties given further grace to complete the wells.

3. The Government observe that the sales in this case have been conducted regularly and cannot be interfered with. But they note that the whole case discloses a certain amount of hardship which, it is desirable, that the local officers entrusted with the important duty of making advances for land improvements and for the construction of irrigation wells should foresee and guard against. It does not appear that the petitioner had been wantonly negligent, although from poverty he was not able to meet the expenditure incidental to the construction of a costly well promptly and at stated times. Out of an advance of Rs. 300 which was sanctioned after more than one application had been made and in more than one instalment, the petitioner had, according to the official report of the mestri, executed earthwork to the value of more than Rs. 200. He had also got ready a cart-load of stones to be used for the revetment. But the well seems to have collapsed and rendered further work impossible or unprofitable. The petitioner not only lost the benefit of all the money he borrowed from Government, but in

the measures adopted for the recovery of this money, he lost all the land he had possessed. The object aimed at, *viz.*, the improvement of the land was not only not obtained, but the petitioner was simply ruined in the attempt. This undesirable result should be traced to two causes, *viz.*—

1. Want of a proper estimate of the work in the commencement.

2. Want of timely inspection and help both in the shape of advice and advance of money.

It is of the highest importance that such applications should not be treated arbitrarily or mechanically. The officer entrusted with the execution of this benevolent intention of the Government should enter sympathetically into the whole concern, get as much reliable data as possible to form a correct opinion of the probable expenditure, and co-operate earnestly with the borrower till the whole advance is worked out. It is obvious that for a well of which the earthwork alone cost more than two-thirds, while the stone revetment was left untouched, the amount of the advance made was not sufficient. Much time would also appear to have been lost in obtaining payment of the several instalments of the loan. The borrower had no other means to fall back upon, and the enterprise as conceived and executed was, therefore, a mere courting of ruin. The Government earnestly hope that advances will be made on better and more reliable information than seems to have been obtained and acted upon in this case. After advances are made, the responsible officer ought to inspect the works periodically, watch their progress and render such help as is necessary to bring the works started by poor and innocent raiyats to successful completion.

4. In the present case, the Deputy Commissioner may endeavour to induce the purchasers to give up their right to the lands in question, and, if they agree, the sale may be cancelled and the purchase money refunded to them. As the petitioner's case is a really hard one, he may be allowed to repay the Government loan in two or three annual instalments, provided he gives tangible security for so doing.

5. Finally, the Government observe that it is not possible to lay down a hard and fast rule as desired by the Deputy Commissioner for his guidance in such matters. As the chief officer of the district, Government look to him to carry out its measures and orders in such a way as to realize the full amount of good resulting therefrom to the people and to itself and to minimize the hardship, if any, by a considerate regard to the interests of all concerned.

Petition No. 641, dated 31st July 1895, from Seshaiya, shanbhog of Haramagatta, Shimoga taluk, complaining against the grant of part of Survey No. 26 in the village of Birankeri of the same taluk to one Basanna, while he applied for the whole of that number.

2. Letter from the Deputy Commissioner of Shimoga, No. 532—334, dated 12th November 1895, submitting the entire proceedings connected with the case.

3. Letter from the Deputy Commissioner of Shimoga, No. 1046—768, dated 31st March 1896, submitting the further information called for in the case.

No. 5949—P. 994, DATED, BANGALORE, 24TH DECEMBER 1896.

ORDER THEREON.—The order of the Deputy Commissioner directing the grant of part of Survey No. 26 in the village of Birankeri, Shimoga taluk, to one Basanna of that village cannot be upheld. The facts of the case are as follows.

2. Basanna applied for a portion of S. No. 26 and wished it to be subdivided. Order was given accordingly on the 2nd June 1894; but there was delay in the due execution of this order. Meanwhile Basanna cultivated the land and was fined therefor by the Jamabandi Officer in March 1895. A few months after Basanna's application, the appellant Seshappa applied for the whole survey field and it was found that it had been included in the B. Register. It was accordingly ordered to be sold by auction. This order was in accordance with para 14 of Section XX of the Land Revenue Rules, as the subdivision of the land had not been effected and the portion applied for by Basanna made over to his possession in the authorized manner. It was, however, not carried out, and on the report submitted by the Amildar regarding the manner in which the field was subdivided and the relative claims of the two applicants, the Officiating Deputy Commissioner ordered the grant to Basanna of the portion applied for and occupied by him on payment of the value of Tangadi and other shrub estimated at 4 annas. It is not explained why, if this number had been entered in the B. Register and was liable to be sold, that formality was dispensed with by the Deputy Commissioner in the case of Basanna. The confirmation of Basanna's possession has left a portion of S. No. 26 still unoccupied, and the assessment on that number is as much as Rs. 6-8-0 per annum. The result of the Deputy Commissioner's order has been that (1) contrary to the intention of para 14 of Rule XX of the Land Revenue Rules, unauthorized possession of only a portion has been confirmed although there was a darkhast for the whole field; (2) land which ought to have been sold under paras 1 and 3 of Section XX of the Land Revenue Rules was not so dealt with; and (3) Government has been subjected to an annual loss of Rs. 6-8-0.

3. For the foregoing reasons, the Government direct that the order appealed against be reversed and the whole of the survey field in question sold under the darkhast rules.
